

ST. ANTHONY OF PADUA CATHOLIC CHURCH

Mountain City, Tennessee

St. Anthony of Padua Catholic Church is our home. As with many homes, when a family grows it becomes necessary to explore expanding the home. Through the *Home Campaign* we have been provided an opportunity to start saving for the future expansion of our church. The funds we receive from this campaign will be the foundation for a future educational addition here in Mountain City.

It is no secret that we need more classroom space at our church. Adding classrooms to our campus will not only give our Catechism classes much-needed space, but all of our organizations will benefit from more classroom and meeting space. The more funds we raise through this campaign, the closer we will be to making an educational addition a reality.
