

August 2018-School Highlights

St. Mary's School-Johnson City

SMS Families gathered for a "Meet and Greet" reception, in honor of our new Principal, Mr. David Arwood, and new teachers, Teresa Bumgarner, Cheryle Borsos, and Taylor Burkett.

Our Home and School Association provided "Welcome Back Survival Kits" for the staff.

The St. Mary's cross-country teams competed for the second time of the season in Greenville.

The boy's team ran well and was led by Evan Holbrook. The girl's team was led by Molly Wilson, Kristina Macariola, and Dana Stevenson. They earned 7th place out of 16 schools, which is amazing considering St. Mary's was the smallest school at the meet. The coaches, parents, school, church, and community are very proud of this group for the effort they put into practice and racing. Between pre-race prayers, braiding hair, cheering on teammates, and family support, this crew is representing St. Mary's very well on and off the course.

Kindergarten and First Grade classes studied life cycle of butterflies and held a butterfly release in the school garden.

Anchored in Flowers is a small flower farming business managed by our team of SMS middle school students. The flowers are grown with organic standards on campus, and all aspects of the process, from the business end to the work in the dirt, are managed and maintained by SMS students. All proceeds from the sales of flowers will be used for the annual 8th grade trip to Washington D.C.
